JUSTIME

# BACKGROUND

Sheng Tai Brassware Corporation (ST) was established back in 1976, by an ambitious and energetic management team. The strategy at that time was to provide a developing and manufacturing service for customers who demanded excellent design and consistently reliable quality. ST has been continuously developed over the past 41 years, in order to meet the dual requirements of aggressive market growth and a strategy of globalization. A significant investment in a Thailand production facility has enabled ST to move to the global forefront of brassware design and supply for bathrooms.

In order to reinforce its position as industry leader in bathroom brassware, and by means of extensive investment, the Company has installed CNC (computer numerically controlled) lathes, NC (numerically controlled) machines, machining centers, automatic polishing machines, die-casting machines, automatic forging machines, fully-automated electro-plating lines, 3D bending machines, 3D measuring machines, spectrometers and coating-thickness-measuring instruments. Based on the management ideals of reliability, service, quality, style and innovation, ST has been continuously dedicating resources to research and development in production techniques and quality improvement. ISO 9001 quality assurance has long been incorporated into manufacturing processes, with a keen eye on customer satisfaction. Today, ST is proud to provide comprehensive service to customers in global markets – most notably Europe, Japan, the Middle East, Asia, USA and Canada.

Sheng Tai Brassware Co. Ltd. started out by specializing in the development and manufacture of bathroom fittings and related professional products. Later, ST focused on the design and production of a wider expanse of bathroom products, establishing its own brand, "JUSTIME". The JUSTIME brand has attracted major awareness on the international stage, with a reputation for combining high quality with aesthetics from oriental and western cultures. JUSTIME has received honors not only from within Taiwan, but also via international design awards, such as the Red Dot Product Design Award, iF Product Design Award, Chicago Good Design Award, Design Award of the Federal Republic of Germany, IDEA Award and so on. The brand new, fresh designs not only create a fashionable bathing space: they also lead the way in bathroom products of the future.

JUSTIME proposes fine designs and attracts buyers who are looking for unique and novel bathroom ware, with one foot in the present and one foot in the future.
